400 Pieces of Winter Underwear for Women, Girls and Boys Reduced

As Mr. Omer said to David Copperfield, "Fashions are like human beings they come in nobody knows when, why or how; and they go out nobody knows when, why or how."

But that was before our time.

Of course nowadays the "why or how," as in Dicken's time, makes but little practical difference, but most certainly our friends and customers expects us to know when. Right now fall fashions are in.

May we have the pleasure of showing them to you—now?

Reboux

One of the smartest of our Autumn models introducing the winter note.

An original and very distinct design which will appeal to the women of more than the average good taste.

The Reboux is made in Pan Velvet, sharply turn back brim, on which poses a small but long Cafe-au-Lit bird.

This is one of many beautiful hats that await your coming.

Underwear Week

20% OFF

20 per cent means nothing except in relation to the thing offered at 20 per cent off.

Instead of being a bargain of underwear much soiled or shelf worn, might be an intolerable nuisance at "20 per cent off."

in this outclearing of four hundred pieces of winter underwear for women, girls and boys, 20 per cent off means above all else a quality of underwear of all kinds which is here at one-fifth per cent less, and the reason for the reduction is that they are broken sizes. Lines of many, many kinds that were carried over from last season, and which will not be duplicated; furthermore, they cannot take up shelf room in the new underwear stock, therefore these various little lots have been gathered together and marked out this week at 20 per cent discount.

This Exhibition of Fashions Is the Highest Expression of Art and Quality In This Season's Modes

And its sterling worth is deserving of the most profound interest.

Parsons-Souders' collections continue to present an unceasing flow of new ideas. It is not in the ideas alone, but in the garment that shows masterly treatment the rare value of the creation appears.

Pre-eminent as this store stands in women's clothing our observation indicate that the latest autumn and early winter calls for suits and coats of character and distinction will be unparalleled in its volume.

The highest impression of art are to be seen in the Salons of Dress on the second floor which you are particularly asked to come, see and enjoy.

"Paristyle" Suits in the French Salon, \$35 to \$85

One of the links which bind Paris and New York, are certain manufacturers, which makes copies of Paris clothes with the very spirit of Paris. It is almost impossible to tell the difference between the copies and the originals. They are alike in color and material in every line, the finest of workmanship in the collection now hanging in the crystal cases. Each model has been chosen because it has received the approval of Parisiennes. They are copies of originals of Barnard, Callot, Jean Lavin, Poirer, Martia-de-Armand, Cheruit and others.

The moderate prices permit women to have two, three or four exact copies of Paris suits for the usual price of one Paris original.

Each garment is labeled, "Paristyle" and is exclusive. There can be only one, under no circumstances can there be a duplicate, thus insuring the ladies of Clarksburg that they may purchase with absolute confidence.

New Street Dresses of "Serge and Silk" Combined

There is a constant coming and going of new styles of the ever popular dress of serge and silk at this writing. In one of the crystal cases hangs fully fifty frocks of new novelties all of which have come in within the last week.

Six new styles added this morning, colors, Blacks, Blues, Browns and Greens, in both plain and plaided silks combined with cloth.

Buster Brown Insures His Stockings—Because

They wear like iron, and are made from high grade, long staple Egyptian cotton and dyed with his new secret process which never injures the fabric and does not tender the feet.

The Buster Brown stockings are insured. They are sold in boxes of four pairs at \$1.00 and these four pairs will wear four months without darning. There are no hidden strings to the policy.

Plenty of New Lace Curtains at the Old Prices

The lace curtain market has felt very keenly the state of affairs in Europe.

Many features of last spring styles still on hand, but no others in sight, have marked up the old goods the average increase by 20 per cent.

As against this; Parsons-Souders customers can have new lace curtains at NO ADVANCE.

Not one pair is marked at more than it was six months ago, and hundreds of pairs are at especially low prices.

Cluny curtains, \$1.50 to \$7.50.
Lacet Antoinette curtains, \$5.00 to \$12.50.
Marie Antoinette curtains, \$6.50 to \$10.00.
Antique lace curtains, \$5.00 to \$12.50.
English Nottingham curtains, \$4.50 to \$6.50.
Irish Point curtains, \$3.75 to \$7.50.

We Have All the New Shirtings But Are Proudest of Silk Striped

We have seventeen styles of silk shirtings that cannot be duplicated.

They came from a certain New York maker who sells only to the Parsons-Souders store, these exclusive novelties for their particular trade. They are gay stripes, and some are not so gay, others quite neat and conservative.

One silk has a self-jacard weave, is 32 inches wide and is marked 50c; of which there are four new patterns.

There is a plain tub silk with gorgeous color stripings, of which there are ten effects, width 36 inches. Price \$1.00 yard.

At \$1.50 a yard is a soft fine silk crepe de chine in three patterns of which the royal blue and gold combination is a bit the best we have seen.

Whoever Heard of Covering a Hot Water Bottle

We confess we have not until the art department called our attention to lot of stamped linens to be embroidered. You will like them. Price 25c.

You will also like the assortment of embroidery Turkish towels, 25c, 50c and 75c. Likewise the gowns are 50c, 75c, and \$1.00.

There is hardly a minute in the days but what someone is at the art goods counter buying. It's a wonderfully active department in this store, and there is a reason.

"Pearl of Violets" Deglightful Toilet Water 25c, 50c

has met with instant favor since being introduced by this store. It is the best true odor of violets we know of. May you try it. Two sizes, 25c and 50c.

Also Pearl of Roses is the highest expression of the rose, 25c and 50c.

Dawson Family Reunion.

The pleasant home of Mr. and Mrs. C. A. Sheets at Slesley Heights was made the scene of a most happy and memorable reunion Sunday.

As chief honor guest of the occasion, Mrs. Elizabeth Dawson, mother of Mrs. Sheets, presided with sweetness and dignity. Sharing honors with her was her son, Lewis Decker

Dawson, and his bride, from Tulsa, Okla., and her grandson, Frank Dawson, and his bride, of Salem.

It has long been the custom of the Dawson family to gather annually together upon the home-coming of its members from a distance, and at this time there was absence from the gathering only one son, O. T. Dawson, and his wife, who live in Tulsa, Okla.

There were present for the day's festivities three sons and three daughters of Mrs. Elizabeth Dawson as follows: Mr. and Mrs. C. A. Sheets, of Slesley Heights; H. E. Dawson, Buckhannon; Mr. and Mrs. O. C. Dawson, Jane Lew; Mr. and Mrs. L. M. Goodwin, Bridgeport; Mr. and Mrs. T. J. Smith, Buckhannon; Mr. and Mrs. L. D. Dawson, Tulsa, Okla.; Mrs. Alice Dawson, widow of W. E. Dawson, of Fairmont. Also present were the following grandchildren of Mrs. Dawson: Miss Martha, Hazel and Clyde Dawson, children of H. E. Dawson, of Buckhannon, also the latter's second son, Frank Dawson, and wife, of Salem; Charles Goodwin, son of Mr. and Mrs. L. M. Goodwin, of Akron, O.; Mrs. Georgianna Novis and young grandsons, Harvey and Billy, of Jane Lew, were welcome guests, as was also Mrs. Martha Post, of Clarksburg.

The dinner, served at noon, was a feast of plenty and fully attested the hospitality of the skillful hostess and her sisters, who aided in its preparation.

Featuring the afternoon were conversation and music led by the lady mother, Mrs. Elizabeth Dawson, aged 80 years and in full possession of all her faculties, alert, active and interested in everything pertaining not only to her family and its activities, but in the current events of the world at large.

Mrs. Frank Dawson, one of the two Dawson brides of the season, presided at the piano and the evening hours were spent with the beauty of songs and hymns, old and new, and especially those endeared to the family, which have come down to them from long ago, and sung with out the aid of instrumental music.

One unusual feature of the reunion this year was the fact of the almost double wedding of uncle and nephew, respectively, son and grandson of Mrs. Dawson.

Lewis Decker Dawson, the second youngest son, claimed as his bride on September 15 Miss Bee Cramer,

of Tulsa, Okla. The couple arrived in Clarksburg on the twenty-second after a tour of historical points in Tennessee, including Lookout mountain, Missionary Ridge, etc., and will leave for their home in Tulsa tomorrow.

Frank Dawson, second son of H. E. Dawson, of Buckhannon, and grandson of Mother Dawson, was married September 4 to Miss Pearl Randolph, of Salem, and after a short visit to his father's home in Buckhannon, the young couple went to Salem, where they will make their future home.

Neighbors and friends of the family called during the afternoon to renew old fellowship and offer congratulations.

OF INTEREST TO WOMEN

Glove Notes.

The cretonne craze will surely reach all hands now, for the shops are offering the most fascinating gloves of the material. Of course, the gloves are intended to be worn while one is working in one's garden.

Narrow ruffles of pleated silk are used to ornament the tops and fronts of short silk gloves and the sides of long silk gloves.

Imitating the various plaques of shoe laces, there are many gloves displaying their laces at the sides and back. To accentuate the novelty, the laces are usually of a contrasting color.

Many silk gloves have lace uppers extending beyond the elbows. These are quite in keeping with bouffant skirts and dropped shoulder effects.

Urbana, N. Y., is growing rapidly and blames it on the Curtiss aeroplane factory, which has been booming since the war broke out.
